

INDEX TO VOLUME IV

(An asterisk [*] after a page number indicates that the reference is an abstract and not an original article.)

A

- Aalsmeer, W. C., and Wenckebach, K. F., 630*
- Abscess, retroperitoneal, in subacute bacterial endocarditis, 484
- Adams, S. Franklin, 492*
- Adrenalin, action of on human heart, 121*
- influence of on size of heart, 745*
- Allergy, conception of-rheumatic fever as, 627*
- reaction of rabbits to non-hemolytic streptococcus, 621,* 622*
- Amberg, Samuel, 493*
- Amyl nitrite, influence of on size of heart, 745*
- Anesthesia, heart during, 247*
- the vagus nerve in ether, 336
- Angina pectoris, 120*
- control of, by pressure upon carotid sinus, 743*
- sympathectomy in treatment of, 495*
- treatment by purin base diuretics, 496*
- Aorta, coarctation of with aortitis, 239*
- intimal lesion in rheumatic infection, 740*
- Aortic valve, insufficiency of, hemodynamics of circulation in, 486*
- Arsenic, in treatment of chorea, 246*
- Arteritis, experimental rheumatic, 370*
- Arthritis, pain in relation to changes in weather, 744*
- Asthma, cardiac, significance of, 494*
- Asystole, auricular, during quinidine therapy, 627*
- Atropin, effect of, upon the cardiac output, 237*
- influence of, on size of heart, 745*
- Auricle, blood supply to, in dog, 591
- enlargement of, distortion of bronchi by, 692

B

- Bachman, Harrold A., 742*
- Barium chloride, toxic effect of, in complete heart-block, 612
- untoward effect of, in producing short runs of aberrant ventricular beat, 741*
- Barker, C. M., and Levine, S. A., 126*
- Barr, David P., 242*
- Beck, Claude S., and Cutler, E. C., 619*
- Bedford, E. Evan, and Parkinson, J., 120*
- Belk, Wm. P., and Fendrick, E., 371*

Beriberi, heart and circulatory system in, 630*

Birkhaug, Konrad E., 238,* 623*

Blood flow, velocity, measured by effect of histamine on the minute vessels, 664

pressure, of patients with diabetes mellitus, 492*

volume, determination of, by carbon monoxide method, 740*

Blumgart, Herrmann L., and Weiss, S., 238,* 625*

and Robb, G. P., 664

Boas, Ernst P., 499

Bond, W. R., and Gray, E. W., 497*

Bourne, C. R., 125*

Geoffrey, 244*

Bradycardia, due to arterial thrombosis, 743*

Bromfin, I. D., and Simon, S., 374*

Bronchus, compression and displacement of, in mitral stenosis, 53

distortion of, by left auricular enlargement, 692

Brucella melitensis, vegetative endocarditis due to, 732

Burkhardt, E. A., and MacMahon, H. E., 743*

Burwell, C. Sidney, and Robinson, G. C., 237*

and Smith, W. C., 624*

and DeVite, M. J., 237*

C

Cahan, Jacob M., 744*

Calcium, action of, on isolated human fetal heart, 741*

chloride, oral administration in congestive heart failure, 512

use of, given intravenously in congestive heart failure, 646

Campbell, John J., 372*

John R., Jr., and Mason, N. S., 573

Maurice, and Parkinson, J., 498*

Cannell, D. E., 124*

Capillaries, studies of, in congenital heart disease, 746*

Carbon monoxide, determination of circulating blood volume by, 740*

Cardiazol, experimental study, 126*

Cardiotachometer, ventricular rate in auricular fibrillation, 499

Carr, James H., and Reddick, W. G., 126*

Chadwick, R. Taylor, 239*

Chorea, arsenic in treatment of, 246*

Christian, Henry A., 241*

Clawson, B. J., 1, 370*

Cohn, Alfred E., and Stewart, H. J., 236,* 237*

Coombs, Carey F., 628*

- Coronary vessel, change in electrocardiogram after thrombosis of, 120*
 disease of, 126*
 effect of obstruction of, upon T-wave of electrocardiogram, 346
 experimental study of obstruction, 64
 modification of celluloid and corrosion technic, 372*
 obstruction, to coronary sinus, 121*
 occlusion in Buerger's disease, 373*
 pain due to occlusion of, in dogs, 390
 relation of phenomena, to occlusion of, 393
 stereoscopic radiography of, 372*
 thrombosis of, abnormal complexes in electrocardiogram in, 573
 unsolved problems connected with acute obstruction, 633
 Croxford, Geneva, Wilson, M. G., and Lingg, C., 164, 197
 Cutler, Elliott C., and Beck, C. S., 619*

D

- Danielopolu, D., 743*
 Davis, David, and Sprague, H. B., 559
 DeGraff, Arthur C., and Gold, H., 497,* 744*
 Derick, C. L., and Hitchcock, C. H., 620*
 and Swift, H. F., 621,* 622*
 Deuteh, Max, and Perla, D., 740*
 DeVite, Michael J., Smith, W. C., and Burwell, C. S., 237*
 Diabetes mellitus, blood pressure of patients with, 492*
 electrocardiographic study of, 373*
 Diaphragm, buffer function of, and cardio-abdomino-diaphragmatic syndrome, 609
 Digitalis, action in complete heart-block, 408
 effect of, on velocity of blood flow, 625*
 paroxysmal ventricular tachycardia with alternating complexes due to, 21
 pigeon emesis, estimating potency of, 623*
 relation between cardiac size and cardiac output following, 236,* 237*
 results with pigeon emesis method of estimating therapeutic dose, 624*
 seat of emetic action of, 496*
 seat of emetic action of, in cats with denervated hearts, 496*
 studies on, in ambulatory cardiac patients, 497,* 744*
 supposed influence of prolonged light on deterioration of, 497*
 tolerance of patients suffering with renal insufficiency, 661
 Diphtheria, effects of toxin in dogs, 625*
 electrocardiograms in, 126,* 545, 715
 relation of adrenals to the circulatory collapse in, 16

- Dock, William, 109, 709
 Dresbach, Melvin, and Waddell, K. C., 496*
 Dumas, A., 372*

E

- Eddy, Nathan B., and Hatcher, R. A., 496*
 Edema, clinical types of, in heart failure of childhood, 742*
 Edens, Ernst, 632 (Book Review)
 Edmunds, Chas. W., and Johnston, F. D., 16
 Effusion, pleural, localized in interlobar spaces with heart failure, 227, 481
 Eggleston, Cary, 493*
 Electrocardiogram, abnormal complexes of, in coronary thrombosis, 573
 clinical interpretation and significance of, 631 (Book Review)
 comparison of electrical axis with roentgen mensuration, 223
 comparison of records taken by Einthoven string galvanometer and the amplifier type, 725
 correlation of, with necropsy findings, 237*
 distortion by artefact, 296
 distortion by capacitance, 109
 effect of obstruction of coronary arteries upon the T-wave, 346
 elimination of effects of alternating current of power and light lines, 477
 Fahnestock clip in the technic of, 113
 in diabetes mellitus, 373*
 in diphtheria, 126,* 545, 715
 in hypertension, 241*
 occurrence of coronary T-wave in rheumatic pericarditis, 584
 showing features of left axis deviation, 431
 studies of the action of ether anesthesia on the vagus, 336
 successive changes in, after coronary thrombosis, 120*
 ventricular, 625
 Emerson, Haven, 251
 Paul W., and Green, H., 116*
 Endocarditis, meningococcus, 743*
 mitral, hypertensive form of, 372*
 subacute bacterial, heart valve irregularities in relation to, 121*
 paroxysmal tachycardia in, 615
 retroperitoneal abscess of splenic origin, 484
 treatment of, by transfusion from immunized donors, 631*
 vegetative due to brucella melitensis, 732
 Eppinger, H., Lazlo, D., and Schürmeier, A., 374*
 and Hinsberg, K., 375*
 Epstein, Emanuel Z., and Keegel, M. A., 122*

- Ernstene, A. Carlson, and Levine, S. A., 725
 Esler, James W., and White, P. D., 296, 624*
 Ethyl iodide, determination of cardiac output by, 374*
 Exercise in cardiac disease, 242*
 tolerance test for circulatory efficiency, 487*
 Extrasystole, auricular, aberrant ventricular response to, 153
 Eyster, J. A. E., 375*

F

- Fallot, tetralogy of, 495*
 Farnum, W. B., 243*
 Farrell, John T. Jr., Langan, P. C., and Gordon, B., 488*
 Feil, Harold, and Steuer, L., 661
 Fendrick, Edward, and Belk, W. P., 371*
 Fibrillation auricular, pathological changes in, 745*
 persistence of mitral stenotic murmur in presence of, 493*
 quinidin treatment of, 498*
 seven years experience with quinidin therapy, 626*
 treated with quinidin, duration of restored normal mechanism, 627*
 ventricular rate, 499
 ventricular, relation to heart-block, 599
 transitory, as a cause of syncope and its prevention by quinidin sulphate, 709
 Fischer, Robert, 238*
 Fleming, G. B., and Stevenson, M. M., 240*
 Fletcher, Gertrude L., 490*
 Flutter, auricular, restored to normal mechanism by quinidin, 125*
 Foxe, Arthur N., 615
 Freund, Ernst, 244*
 Fulton, Marshall N., and Levine, S. A., 242*, 628*

G

- Gallop rhythm in hypertension, 489*
 Gamble, C. S., and Starr, I. Jr., 374*
 Gibbes, J. Heyward, 305
 Gilbert, N. C., and Kerr, J. A., 496*
 Gladstone, Sidney A., 486*, 487*
 Gold, Harry, and DeGraff, A. C., 497*, 744*
 and Gryzwacz, P. L., and Nowicki, V. A., 336
 Golden, Ross, and Levy, R. L., 127
 Gordon, Burgess, Farrell, J. T. Jr., and Langan, P. C., 488*
 Graham, Duncan, and Hepburn, J., 373*
 Grant, R. T., and Jones, T. D., 121*
 and Wood, J. E. Jr., 121*
 Gray, E. W., and Bond, W. R., 497*

- Green, Dorothy L., Nicholson, G., and Shulman, A. E., 629*
 Hyman and Emerson, P. W., 116*
 Susan, J., 491*
 Grove, E. W., and Luten, D., 431
 Gryzwacz, Patrick L., Gold, H., and Nowicki, V. A., 336

H

- Haberlandt, L., 236*
 Hahn, Richard G., and White, P. D., 491*
 Halsey, Robert H., 94
 Hanzlick, P. J., 623*
 and Stockton, A. B., 624*
 Hare, D. C., and Karn, M. N., 628*
 Harris, Kenneth C., 627*, 629*
 Harvey, William, Tercentenary Edition, 248 (Book Review)
 Hatcher, Robert A., and Eddy, N. B., 496*
 Heart and beriberi, 630*
 and myxedema, 351
 block, action of digitalis in, 408
 and ventricular fibrillation in, 408
 associated with congenital malformation of heart, 240*
 associated with congenital heart disease, 241*
 bundle-branch, pathological studies of, 745*
 complete, manifestations of barium chloride in, 612
 congenital, 629*
 effect of inspiration, 244*
 experimental, 476
 intraventricular, in diphtheria, 715
 mechanism of sequential beats during, 521
 of unusually long duration, 629*
 relation of extracardiac nerves to, 59
 with convulsive syncope, 280
 disease, among ex-service men, 313, 455
 among South African non-Europeans, 491*
 chronic nonvalvular, 241*
 coincident with pulmonary tuberculosis, 374*
 congenital, capillary studies, 629*
 investigation on etiology, 239*
 pulmonary stenosis, 240*
 stenosis of isthmus of aorta, 240*
 studies of capillaries in, 746*
 tetralogy of Fallot, 495*
 x-ray findings, 239*
 criteria for classification and diagnosis of, 249 (Book Review)
 economic aspects of, 251
 effect of tonsillectomy in adults, 243*
 exercise in, 242*
 home adjustments, 490*
 in school children, incidence of, 744*
 in yellow fever, 124*
 instruction of handicapped children, 491*

Heart disease—Cont'd

- mortality and morbidity under industrial and group insurance, 448
- mortality in New York State, 94
- obtaining occupation for adult males with, 490*
- peripheral, treatment of, 375*
- placement of women with, 490*
- rheumatic, in children, 371*
 - lesion in pulmonary artery and valve, 122*
 - tonsillectomy in its relation to the prevention of, 197
 - tolysin in, 246*
 - treatment of, 244*
 - treatment of, by roentgen irradiation, 127
- statistical studies in classification of, in children, 164
- treatment of, 373*
- vocational guidance, 491*
- failure, and hyperthyroidism, 103
 - congestive, further experiences with venesection in, 641
 - congestive, oral administration of calcium chloride in, 512
 - congestive, use of calcium chloride given intravenously in, 646
 - diet and theophyllin in treatment of, 245*
 - of childhood, clinical types of edema in, 742*
 - waste of energy with, 374*
 - with pleural effusion, 227, 481
- hormone, preparation and demonstration, 236*
- mechanism, an untoward effect of barium chloride in producing short runs of aberrant ventricular beats, 741*
- blocking in a case of paroxysmal supraventricular extrasystoles, 745*
- sinus bradycardia due to arterial thrombosis, 743*
- murmurs, continuous humming in children, 369*
 - persistence of, in presence of auricular fibrillation, 493*
 - their incidence and interpretation, 305
- muscle, abnormally long papillary muscles, 72
- pain, 377
 - theophyllin-ethylenediamin in, 245*
- physiology, aberrant ventricular response to auricular premature beats and paroxysmal auricular tachycardia, 153
- cardiac output in a single individual observed over a period of five years, 237*
- determination of cardiac output by ethyl chloride, 374*

Heart physiology—Cont'd

- influence of atropin, adrenalin and amyl nitrite on size of heart, 745*
- mechanism of sequential beats, 521
- output of heart in patients with abnormal blood pressure, 624*
- size, percussion of heart border and roentgen ray shadows, 123*
- study of, in Olympic athletes, 743*
- surgery of, 619*
- weight, relation to weight of body and to age, 79
- Heiman, H. L., Stracham, A. S., and Heymann, S. C., 491*
- Hemodynamics of normal circulation, 486*
- Hepburn, J., and Graham, D., 373*
- Herrmann, George R., and Musser, J. H., 268
 - and Ochsner, A., 619*
- Herrick, James B., 373*, 633
- Herxheimer, H., 743*
- Heymann, S. C., Heiman, H. L., and Stracham, A. S., 491*
- Hinsberg, K., and Eppinger, H., 375*
- Hitecock, C. H., 124*
 - and Derick, C. L., 620*
- Holzman, Jacob E., 351
- Howard, C. P., and Mills, E. S., 242*
- Hume, W. E., 121*
- Hurxthal, L. M., 103
- Hurwitz, Samuel H., and Levitin, Joseph, 746*
- Hyland, C. M., 743*
- Hypertension, distal phenomena of, 628*
 - electrocardiogram in, 241*
 - gallop rhythm in, 489*
 - in the young, 493*
- Hyperthyroidism and heart failure, 103
- Hypertrophy of heart, idiopathic in infants, 116*
 - cardiac, studies in, 375*

I

- Irvine-Jones, Edith I. M., 369*

J

- Jones, T. Duckett, and Grant, R. T., 121*
 - and Wood, J. E. Jr., 121*
- Johnson, Scott, and Siebert, W. J., 125*
- Johnston, Franklin D., and Edmunds, C. W., 16

K

- Kaiser, A. D., 621*
- Kampmeier, Otto F., 210
- Karn, M. Noel, and Hare, D. C., 628*
- Keefer, Chester S., and Resnick, W. S., 120*
- Keegel, M. A., and Epstein, E. J., 122*
- Keenan, Margaret, Meek, W. J., and Theisen, H. J., 591
- Kerr, John Austin, and Gilbert, N. C., 496*

- Kidney insufficiency, digitalis tolerance of patient with, 661
 Kiser, Edgar F., 481
 Korotkoff sounds, mechanism of production of, 487*
 Kreidler, W. A., 371*
 Kurtz, Chester M., and White, P. D., 123,* 631*

L

- de la Chapelle, Clarence E., 732
 Lampard, M. E., 241*
 Langan, Paul C., Farrell, J. T. Jr., and Gordon, B., 488*
 Lawson, George M., and Palmer, R. S., 369*
 Lazlo, D., Eppinger, H., and Schürmeyer, A., 374*
 Leake, Chauncey D., 248 (Book Review)
 Lemann, I., 373*
 Levine, Samuel A., and Barker, M. H., 126*
 and Ernestine, A. Carlton, 725
 and Fulton, M. N., 242,* 628*
 Levy, Robert L., 377
 and Golden, R., 127
 and Turner, K. B., 492*
 Levitin, Joseph, and Hurwitz, Samuel H., 746*
 Lingg, Claire, Wilson, M. G., and Croxford, G., 164, 197
 Lloyd, W. D. M., 741*
 Lockwood, Ambrose L., 619*
 Lukens, F. D. W., 246*
 Lundy, Clayton J., and Woodruff, L. W., 487*
 Luten, Drew, and Grove, E. W., 431
 Lymph flow of human heart, 210

M

- MacMahon, H. E., and Burkhardt, E. A., 743*
 McIntosh, Rustin, 740*
 McMichael, John, and Sutherland, G. A., 620*
 McMillan, Thos. M., and Wolferth, Chas. C., 521, 741*
 Markel, Albert G., and Pardee, H. E. B., 277*
 Marvin, H. M., 21, 247*
 Master, Arthur M., and Oppenheimer, E. T., 487,* 741*
 Matz, Philip B., 313, 455
 Meek, Walter J., Keenan M., and Theisen, H. J., 591
 Meningococcus and endocarditis, 743*
 Middleton, William S., 161, 641
 Miller, H. R., and Weiss, M. M., 126*
 Mills, E. S., and Howard, C. P., 242*
 Mitral valve, present status of surgical procedures in chronic heart disease, 615*
 stenosis of, compression and displacement of bronchi in, 53
 persistence of murmur after auricular fibrillation, 493*
 relation of hypertension to, 242*

- Mond, Herman, and Oppenheimer, E. T., 489*
 Moon, Henry, 628*
 Moon, R. O., 741*
 Moore, Norman S., and Campbell, J. R. Jr., 573
 Musser, J. H., 245*
 and Herrmann, G. R., 268
 Myocarditis, 1
 experimental in rabbit, 125*
 Myocardium, action of calcium on isolated human fetal heart, 741*
 diseases of, 741*
 Myxedema heart, 351

N

- Nathanson, M. H., 126*
 Nicholson, Gertrude, Shulman, H. I., and Green, D. L., 629*
 Nicolskaja, A. B., and Rasumov, N. P., 600
 Nodes, rheumatic, experimental subcutaneous, 370*
 in chronic polyarthritis, 244*
 Nowicki, Valentine A., Gold, H., and Gryzwacz, P. L., 336
 Nye, Robert N., and Seegal, D., 623*

O

- Obesity, 741*
 Ochsner, Alton, and Herrmann, G. R., 619*
 Oppenheimer, Enid Tribe, and Master, A. M., 487,* 741*
 and Mond, H., 489*
 Otto, Harold L., 59, 64, 346, 625*

P

- Palmer, Robert S., and Lawson, G. M., 369*
 and White, P. D., 153, 369,* 494*
 Pardee, Harold E. B., and Markel, A. G., 237*
 and Porte, D., 584
 Parkinson, John, and Bedford, E. E., 120*
 and Campbell, M., 498*
 Paterson, Ralston, and Steele, J. M. Jr., 692
 Pearcey, J. Frank, Priest, W. S., and Van Allen, C. M., 390
 Pericarditis, experimental, 268
 surgical relief of, 619*
 rheumatic, occurrence of coronary T-wave in, 584
 Pericardium, surgery of, 619*
 Perla, David, and Deutch, Max, 740*
 Phenylhydrazine, value of, in treatment of polycythemia vera, 746*
 Polycythemia vera, value of phenylhydrazine in treatment of, 746*
 Porte, Daniel, and Pardee, H. E. B., 584
 Poynton, F. J., 371*
 and Sheldon, W. P. H., 239*

- Pregnancy, investigation of blood pressure, pulse rate and response to exercise in, 628*
- Priest, Walter S., Pearey, J. F., and Van Allen, C. M., 390
- Pulmonary valve, associated with rheumatic cardiac disease, 122*
- Pulse rate and range during childhood, 620*
- venous, positive centrifugal, 161
- wave, velocity of, measuring by helium glow markers, 247*
- Q**
- Quinidine, auricular fibrillation treated with, duration of restored normal mechanism, 627*
- flutter restored to normal rhythm by, 125*
- standstill during therapy, 627*
- effect of on ventricular tachycardia, 628*
- seven years experience with, in auricular fibrillation, 626*
- transitory ventricular fibrillation as a cause of syncope and its prevention by, 709
- treatment of auricular fibrillation with, 498*
- R**
- Rasumov, N. P., and Nicolskaja, A. B., 600
- Raymond, Howard C., 490*
- Reddick, Walter G., and Carr, J. H., 126*
- Redisch, W., and Rosler, H., 629,* 746*
- Reid, Wm. D., 223
- Rentschler, Edwin B., Vanzant, F. R., and Rowntree, L. G., 744*
- Resnick, William H., and Keefer, C. S., 120*
- Rheumatic fever, 623*
- allergic conception of, 620*
- allergic reactions with streptococcus toxin, 238*
- and nonhemolytic streptococci, 623*
- bacteriology of, and the allergic hypothesis, 122*
- conduction disturbance in, 126*
- impaired auriculoventricular conduction, 492*
- intimal lesions of aorta in, 740*
- skin sensitivity to streptococcus filtrate, 369*
- Rheumatism, acute articular, 242*
- certain etiological factors in, 145
- indication for tonsillectomy in, 243*
- levulose tolerance of children with, 239*
- relation of tonsils to, in childhood, 621*
- Richardson, Edward P., and White, P. D., 495*
- Robinson, G. Canby, and Burwell, C. S., 237*
- Roentgen ray, mensuration of heart compared with electrical axis, 223
- Roentgen ray—Cont'd
- of the heart and percussion of the heart borders, 123*
- treatment of rheumatic carditis by, 127
- Robb, Geo. P., Weiss, Soma, and Blumgart, H. L., 664
- Rosenbluth, E., and Winterberg, H., 745*
- Rosler, H., 239,* 240*
- and Redisch, W., 629,* 746*
- Rowntree, Leonard G., Rentschler, E. B., and Vanzant, F. R., 744*
- S**
- Scherf, D., and Zdansky, E., 745*
- Schneider, J., 243*
- Schürmeyer, A., Eppinger, H., and Lazlo, D., 374*
- Schwartz, Sidney P., 408, 612
- Seegal, David, and Nye, R. N., 623*
- Selye, H., and Winternitz, M., 743*
- Sheldon, W. P. H., and Poynton, F. J., 239*
- Shulman, Harold I., Nicholson, G., and Green, D. L., 629*
- Siebert, Walter J., and Johnson, S., 125*
- Sighing in cardiovascular diagnosis, 491*
- Simon, Saling, and Bromfin, I. D., 374*
- Smith, Fred M., 245*
- Smith, Harry L., 79
- Smith, W. Carter, and Burwell, C. S., 624*
- Burwell, C. S., and DeVite, M. J., 237*
- Spear, Louis M., 490*
- Sphygmograph, using a carbon grain microphone and string galvanometer, 246*
- Sprague, Howard B., and Davis, D., 559
- and White, P. D., 495*
- Starr, Isaac Jr., and Gamble, C. J., 374*
- Steecher, Robert M., 545, 715
- Steele, J. Murray, Jr., 53
- and Paterson, Ralston, 692
- Steuer, Leonard, and Feil, H., 661
- Stevenson, Mary M., and Fleming, G. B., 240*
- Stewart, Harold J., 113, 227, 393, 512, 625,* 646
- and Cohn, A. E., 236,* 237,*
- Stockton, A. B., and Hanzlik, P. D., 624*
- Stracham, A. S., Heymann, S. C., and Heiman, H. L., 491*
- Strain, effect on heart, 241*
- Streptococcus, cardio-arthritis, biological and serological studies, 371*
- cardio-arthritis lesions in animals inoculated with, 371*
- filtrates, skin sensitivity in rheumatic subjects, 369*
- general tuberculin-like hypersensitivity, allergy or hyperergy following secondary reactions of rabbits to nonhemolytic, 621*
- nonhemolytic and acute rheumatic fever, 623*
- studies in indifferent, 124*

- Streptococcus—Cont'd
 toxin, allergic reaction in rheumatic fever, 238*
